

# It's The Little Things You Do

Have you ever often wondered  
About great things you're meant to do  
But you think your gifts and talents  
Are minimal and few  
Don't let your mind be troubled  
By all those thoughts untrue  
'Cause you make the greatest difference  
By the little things you do.

If we all really made an effort  
To show love in the simplest way  
People's lives would be so much better  
By making someone's day.  
It just takes a giving heart  
For people to be blessed by you  
'Cause you make the greatest difference  
By the little things you do.

So whether you find yourself  
In a pleasant place or not  
Reach out to those who need you  
By using what you've got  
And then you'll know true greatness  
And your life's purpose too  
'Cause you make the greatest difference  
By the little things you do.  
That's right, you make the greatest difference  
By the little things you do.
